PADEL Rackets

Technical Features

Caratteristiche Tecniche

On this page we show you the composition of Acerbis padel rackets.

1 The top layer consists of Kevlar + Carbon in the Masterpiece racket and 3K + Carbon in the Mastwork racket.

2 The central core is composed of SOFT EVA, acronym for ethylene vinyl acetate, a rubber with a high impact absorption power, in order to make them more comfortable for the arm.

3 The frame is instead in 100% carbon, a fiber that is processed to form black ribbons that are intertwined to create a light weft which, once inserted into the structure, makes it very hard and impact resistant.

4 Acerbis padel rackets are also equipped with an external protection, called Protector (included in the box) which, in addition to protecting the upper layer, acts in anti-shock mode.

Product care:
Dry the rackets off in case of contact with water.
Keep the rackets away from heat sources.
Store them inside the Acerbis MASTER Padel Bag in the specially provided thermal pocket.

In questa pagina vi mostriamo la composizione delle racchette da Padel di Acerbis.

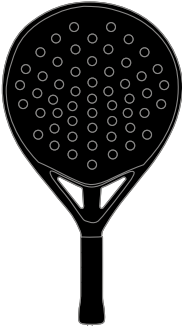

1 Lo strato superiore è composto da Kevlar + Carbon nella racchetta Masterpiece e 3K + Carbon nella racchetta Mastwork.

2 Il nucleo centrale è composto da SOFT EVA, acronimo di etilene vinil acetato, una gomma con un alto potere di assorbimento degli impatti, in modo da renderli più confortevoli per il braccio.

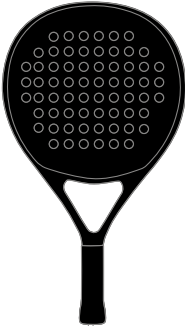

3 Il telaio è invece in carbonio al 100%, fibra che viene lavorata fino a formare dei nastri neri che vengono intrecciati tra loro per realizzare una trama leggera che, una volta inserita nella struttura, la rende molto dura e resistente agli urti.

4 Le racchette da Padel di Acerbis sono inoltre dotate di una protezione esterna, definito Protector (incluso nel box) che, oltre a proteggere lo strato superiore, agisce in modalità anti-shock.

Uso e manutenzione del prodotto:
Asciugare le racchette in caso di contatto con l'acqua.
Tenere le racchette lontano da fonti di calore.
Conservarle all'interno dell'apposita borsa Acerbis MASTER Padel Bag nella tasca termica appositamente prevista.
